Use on club website

Add the graphic as an image on your blog or in the news section. Include a short explanation about why your club is supporting The Eliminate Project. *Examples from fellow Kiwanis clubs:*

- We are proud to be a Model Club for The Eliminate Project! Fundraising is one of the most rewarding things you can do. The money raised—whatever the amount—will make a real difference. We encourage all clubs to make a commitment and save as many lives as possible. Imagine how proud your club members will be. We are. —Kiwanis Club of Lipsius Druivenstreek
- Our club has a strong history of supporting local needs through our club foundation and service projects. We believed it was important to step up to the plate and truly serve the children of the world through The Eliminate Project. —Mankato Downtown Kiwanis club
- We are proud to save lives through our commitment! We have a history of doing good stuff in our community, but this is an opportunity to help others around the world. Clubs should not see a commitment as an extra burden, but as an extra opportunity to promote the club. —The Wake Forest Kiwanis Club
- Normally, we donate locally and support disadvantaged or handicapped children. We had an idea for the global campaign for children—support the campaign through music. We thought it would make collecting donations easy and exciting. First there was the idea then came the realization of what we can truly achieve. That's when we took the next step to formalize our commitment. —Andreas, Kiwanis Club of Linz-Stifter
