

Your club can help save moms and babies with The Eliminate Project.

ELIMINATE

maternal/neonatal tetanus

Our goal is to raise US\$110 million by 2015 to eliminate maternal and neonatal tetanus from the face of the Earth. Use the cutouts on these pages to decorate containers for collecting funds—or for posters or other creative projects. Be sure to include The Eliminate Project logo too.

PROTECT THE CONNECTION

Tetanus hurts. Mothers can't even touch their babies to comfort them. Here are some ideas for showing how The Eliminate Project will protect that connection.

CREATE A TOUCHING MOMENT

Show what a mother's touch means to babies--and to you!

JOIN THE RESPONSE TEAM

Through The Eliminate project, Kiwanis-family members are responding to the needs of families around the world. Be part of the team!

HONORING HEROIC HEARTS

When you help save or protect lives, you're a hero. Celebrate your success!
